

Self-Service Blood Pressure Check At South Petherton

Why not skip the queues by taking your blood pressure with our patient-friendly, self-serve monitor?

Located in the waiting room at South Petherton Medical Centre, it's easy to use: simply pop your arm in the blue cuff, then press the 'start' button. You'll feel the cuff inflate, and after a few moments, you'll receive a printed readout detailing your pressure and pulse.

If you'd like a little help, receptionists are always on hand - just ask at the front desk.
